BEFORE THE ERASMUS+ STUDENT MOBILITY

Step 1: Online application via ZEUS/MOBIS (campus.aau.at):

☐ Click on “My application/Meine Anträge” ➔ “File new application“ ➔ “Applications related to mobility programmes” ➔ “File an Erasmus+ for studies”

☐ Enter the relevant information: preferred partner universities (first and second choice), mobility duration, bank account details

☐ Upload the necessary documents for the application:
  ☐ Letter of Motivation
  ☐ CV
  ☐ Transcript of records
  ☐ Learning Agreement (template available online at AAU’s website)

After submitting your application for Erasmus+ mobility, it will be processed by the International Office and the responsible academic coordinator. The candidates will be selected based on the fulfilment of the requirements and the availability of spots. The students will be informed about the outcome via email.

For mobilities to the country of origin:

➔ In principle, mobilities to the country of origin are given lower priority when allocating funds. Please elaborate in your motivational letter why you have chosen this destination and what academic value this mobility would bring to you.

Important information about the Learning Agreement:

➔ The Learning Agreement has to be signed only by the student before submission of the application

➔ The minimum requirement of ECTS credit points for Erasmus+ mobility is at least 3 ECTS credit points per mobility month to be recognised at AAU.

➔ If you intend to work on your thesis during your Erasmus+ student mobility, please schedule an individual appointment at the International Office.
Step 2: After the nomination by the academic coordinator (AAU)

- Completion of the compulsory consultation with the Erasmus+ Programme Manager of the International Office
- Submit your application to the partner university according to their prescribed process.
- Review and amend the Online Learning Agreement (OLA)
- Sign the Online Learning Agreement yourself
- After the formal preliminary assessment by the International Office: Signing of the Online Learning Agreement by the responsible study programme director.
- Signing of the Online Learning Agreement by the responsible person at the partner university
- Send a copy of the Learning Agreement, duly completed and signed by all parties (student, study programme director AAU & partner university) to the International Office (outgoing.exchange@aau.at)

Note to the application to the partner university

➔ The required application documents vary from university to university. Carefully read the information provided by the partner university and respect the given deadlines. If you have any questions about the partner university's application process, please contact them directly.

➔ Do not make any financial commitments until you have received an Acceptance Letter from the partner university.

Additional information to the Online Learning Agreement

➔ You will receive the link to the pre-filled OLA by email.

➔ If it is technically not possible for the partner university to sign the OLA digitally via the Erasmus+ Dashboard, please let us know immediately.
Step 3: Insurance

Mobility under Erasmus+ does not include insurance coverage. Please obtain information on the validity of your insurance coverage abroad independently and on time.

Step 4: Residence regulation

Please inform yourself independently and in good time about the residence regulations applicable to you in the host country and any residence permit documents (visa, residence title, etc.) required for your planned mobility.

Step 5 (OPTIONAL): Online Language Support (OLS)

- You will receive an email for the registration to the OLS system
- After registration enter “Placement Test“ in the search field

→ OLS provides the possibility to test one’s language skills in the language of the host country and take a free online language course.

Step 6 ONLY if you receive an Austrian study aid (Studienbeihilfe):

- Get in touch with the Austrian grant authority (Stipendienstelle) to apply for the grant for studying abroad
