

Admission Information

Master's Degree Programme in Artificial Intelligence and Cybersecurity (University of Klagenfurt) Degree programme code UL 066 993

Preface

In accordance with § 64 (3) of the Universities Act, the admission to a Master's programme is contingent upon the successful completion of a relevant Bachelor's programme, or University of Applied Sciences Bachelor's programme, or other equivalent programme at a recognised domestic or foreign post-secondary educational institution. Where equivalence has been established in principle and only certain supplementary qualifications are required for full equivalence, the Rectorate shall be entitled to tie the determination of equivalence to examinations to be taken during the respective Master's programme.

Definition of "relevant Bachelor's programme"

The following Bachelor's degree programmes at the University of Klagenfurt are considered to be relevant in any case: Applied Informatics, Informatics, Information Management, Management Information Systems, Information and Communications Engineering and the Teacher Training programme in Computer Science. The Corso di Laurea in Informatica offered by the Università degli studi di Udine is also deemed relevant. In addition, the following qualitative admission requirements are stipulated for the Master's programme: Students who have completed an Engineering degree at Bachelor's level or a Bachelor's degree in the field of Mathematics or Statistics or a comparable degree at another domestic or foreign university, University of Applied Sciences or other recognised post-secondary educational institution not included in the degree programmes listed above shall be admitted to the Master's degree programme if they provide proof of knowledge in core areas of Computer Science (algorithms and data structures, discrete mathematics, elementary probability theory as well as statistics, with at least basic programming experience).

Conditions

Students who have completed a relevant Bachelor's degree programme or who meet the qualitative admission requirements and who exhibit the requisite performance potential shall be admitted to the programme without further conditions.
