

Social Transformations across the Globe. The Change We Want

An international lecture series in **winter semester 2021 / 2022**

On selected **Wednesdays** from **3 to 5 pm** via Zoom

The international joint lecture series is dedicated to central challenges that require new solutions in the local, regional and intermediate spheres of nation states. In exchange with each other, we ask: What challenges do we face? Where do we want social work to go? What kind of change do we want? The international joint lecture series is a cooperation of colleagues from three different countries
