

## HELPFUL INFORMATION

**Parking:** The parking lots of the university can be used free of charge on the day of the ceremony.

**Academic Ceremony:** For the purpose of staging the celebrations, measures will be taken according to the applicable COVID-19 regulations.

Attendance at the celebration is solely possible in compliance with the so-called 3G rule (vaccinated -recovered - tested). All guests are required to wear a FFP-2 mask in all university buildings. The need for these measures is constantly being evaluated and, if epidemiologically possible, further easing steps could follow.

**Your guests** are kindly requested to use only the **west entrances of HS A and HS B** (west foyer); signs will indicate the way.

**Champagne Bar:** To give you the opportunity of celebrating your degree completion together with your family and friends after the ceremony, you will find a voucher for two glasses of sparkling wine on your seat in HS A to be exchanged at the champagne bar situated in the foyer between HS A and HS B (floor 0).

**Photos:** Taking private photographs during the ceremony is not permitted as it can diminish the sense of occasion and disrupt other guests. Our photographer, Mr. Laimböck and his team, will be taking photographs of each graduate as they receive their degree certificates. Our photographer is at your disposal after the ceremony. Information on how to order your photos will be given to you on the day of your celebration by the team of photographers on site and photos can then be viewed and ordered on the website of the photographer at <http://www.laimboeck.net/reportagen>. In addition, there is also the possibility to obtain the pictures on site on the day. The photos can be printed out directly or viewed and ordered from the website at <http://www.laimboeck.net/reportagen>.
